3M PFAS Settlement Work Group Meeting

January 18, 2023

Priority 1 Next Steps

- Draft EPA MCL rule
 - EPA is expected to propose a draft rule the first part of 2023 and a final rule by January 2024
 - We will hold a work group meeting following the release of the draft MCL rule
- Updated MDH health-based values for PFOA and PFOS
 - Expected in 2023 and to be more stringent than current values
 - MDH and MPCA assessing various scenarios to better understand potential impacts to East Metro and are working with communities to conduct additional private and public well sampling where needed
- Future work group meeting
 - Will depend on the release of the draft MCLs or health-based values
 - We will let you know as soon as possible
