

Next Steps

Karen Carney, Abt Associates

May 3, 2023

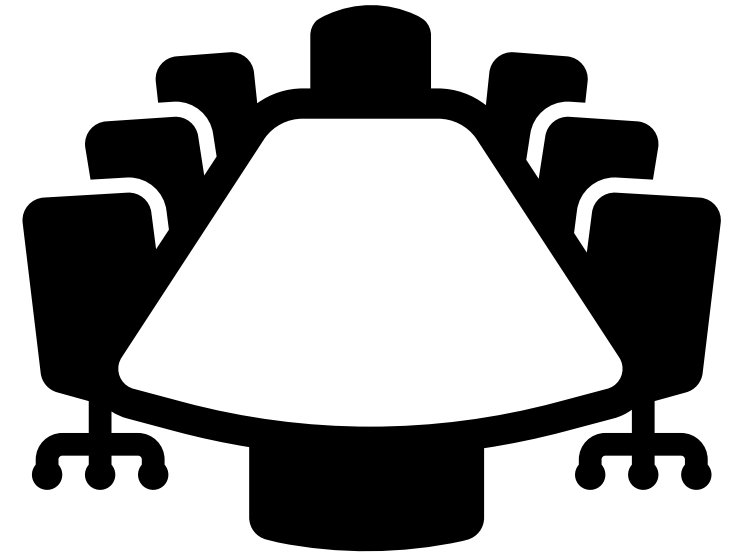

Feedback and Review

- Would you prefer the future meetings in the afternoon, morning or have no preference?
- Preference on combined Resident and Government/3M work group meeting or separate.
 - If separate would we have a liaison from each Work Group?
- Should future meetings continue to be hybrid or be all virtual?
- Have you thought of any additional revisions to the Goals we discussed?

Work Group Expectations

- Work Group role
 - Will provide feedback on Priority 2 goals, evaluation criteria, and the RFP solicitation scope and language
 - Reviewing homework prior to each meeting
- There will be a limited number of meetings to avoid delaying the RFP release
 - Estimate five or six Work Group meetings
 - Work Group members can provide feedback on meeting topics

Proposed Priority 2 Work Group Meetings

Meeting #1

- [Today]

Meeting #2

- Potential topics:
 - 1) Feedback from first meeting and finalize goals/charters,
 - 2) How to consider PFAS status of proposed projects

Meeting #3

- Potential topics:
 - 1) Further discussion regarding PFAS contamination and proposed projects,
 - 2) Review draft project screening and evaluation criteria

Meeting #4

- Potential topics:
 - 1) Finalize screening and evaluation criteria,
 - 2) Finalize PFAS considerations for projects,
 - 3) Review draft RFP scope/language

Meeting #5

- Potential topics: Finalize RFP and scope requirements

RFP Release – Early 2024

Meeting #6

- Potential topics: Present selected projects

Key DNR and MPCA Activities

- Continue to plan upcoming Work Group meetings
- Share Work Group meeting content on the webpage
 - Meeting recordings, presentations and notes made available
- Engage Subgroup Members
 - Subgroup members will provide information about local natural resource and recreation planning efforts
 - One-on-one meetings with some organizations
- Develop draft evaluation criteria and the RFP scope and language
