

# Welcome

Jess Richards/Melissa Kuskie, DNR  
Kirk Koudelka/Pam Anderson, MPCA  
Debbie Fleischer, Abt Associates  
January 17, 2024

# Hybrid Meeting Logistics

# Hybrid Meeting

- Today's meeting is taking place on Teams and in-person
- Please save your comments and questions until the end of each presentation. During the comment period...
  - Work group members on Teams can ask questions using the chat or by unmuting themselves
  - In-person work group members will then be able to ask questions
  - We will return to the Teams often to see if there are additional questions or comments

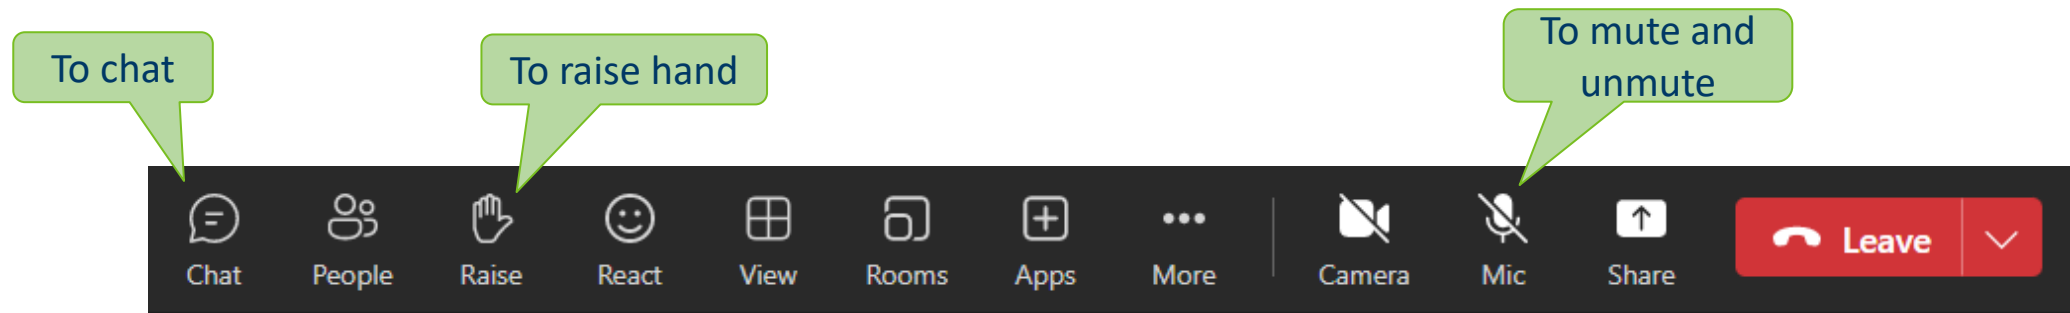

# Public Participation

- We were excited at the last meeting to have more public participation, however we want to clarify the commenting process for those that are new to Priority 2.
  - All members of the Government/3M Work Group and Resident Work Group are listed on the website. Anyone else, even members of the Subgroup, are considered public at these meetings.
  - To help with meeting flow we have two specific windows for those comments and feedback as you will see on the agenda.

# Remote Participants Using Teams

- Please provide comments or questions verbally or use the chat feature on Teams
  - The chat function can be found using the "Chat" button (this may be at the top or bottom of your screen)
  - To indicate you would like to make a verbal comment, use the "raise hand" feature or type "I would like to make a verbal comment" into the chat
- Please keep muted when not talking
  - The mute button can be found at the bottom of your screen. When the microphone icon has a slash through it, you are muted. When the slash is absent, you are unmuted.
- Email Kayla Thompson ([kayla\\_thompson@abtassoc.com](mailto:kayla_thompson@abtassoc.com)) if you need help

# In-Person Participants

- Please remember to limit discussion and side conversations during the presentations
  - Ensures remote participants can adequately hear the presentations
- Please state your name before speaking
  - Ensures remote participants know who is speaking
- The Combined Government and 3M and Resident Working Group meeting will be recorded

# Roll Call
